Welcome Letter

The show

Dear Hobbyist,

It is with great pleasure that we welcome you to Hobby-X 2023! This is the 25th edition of the event and it's still considered the flagship event in South Africa to showcase all things hobby-related. We are thrilled to host this exciting event once again, building on the success from last year and providing a platform to bring together hobbyists and enthusiasts from all over the country.

As you explore the show floor, you will find a diverse range of exhibitors that have been curated to showcase their latest products and services. Whether you are interested in crafting, painting, 3D modelling, or any other hobby, there is something for everyone at Hobby-X 2023. Our visitors are a passionate bunch and often the event inspires them to turn their passion into profit – who knows, Hobby-X could do just that to you this year!

In addition to the wide variety of exhibitors, we will present a series of practical workshops and demonstrations for all budding hobbyists to enhance their skill set, or to be intrigued enough to start a new hobby. Our objective is to provide you with the opportunity to learn new techniques, gain valuable insights, and expose you to new hobbies and technologies.

As always, we aim to provide you with an unforgettable experience. We encourage you to take advantage of everything that Hobby-X 2023 has to offer, from exploring new hobbies, enhancing your hobbies or just building lasting connections with like-minded hobbyists who share your passion.

The Hobby-X and broader Messe Frankfurt South Africa team have had such a fantastic time working with all our exhibitors and marketing the event to you our visitors, and we hope the event is both enjoyable and successful for all involved.

Enjoy the show!

Marlene Bosch
